For 21 consecutive years every January in New Zealand, Jubilee Resources hosted Summer Schools with various speakers and ministries from around the world. As a consequence many testimonies have been reported of spiritual, emotional, financial and relational healing.

In 2023, God told us to stop holding the Summer Schools. When asked, "Why?" He said that school was out, we should have learned enough. Then He said, "Now it's ACTIVATION time!" - putting into practice what we've learned. When Disciples of Jesus focus on His vision, blessings flow from obedience.

Details about these 2025 Equippers may be found on the reverse side of this flyer. All will greatly bless us as we learn and grow together.

Jubilee Resources has been training people and bringing experts so **The Great Commission** and effective Discipleship and Ministry can occur. Selwyn Stevens and the board of Jubilee Resources

International invite you to participate in and experience our **11th Hour Activation 2025** this coming January.

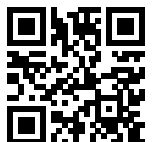

Because of the issues being covered, it's possible we may have full houses, so *priority will be given to those registering early.*

We are live-streaming the event in Palmerston North: times for both days are shown above. Registration for this will be required through our secure web-shop.

Discover how to glorify Jesus Christ, and to be effective and fruitful for His Kingdom! Let's not forget the great worship and fellowship times. Many attending make long-lasting friendships through meeting folks at these life-changing events.

**So, join us this January and be blessed and a blessing. This will be a Divine Appointment!**

Accommodation options are listed for the venue cities on the Events page posted on our website.

# About the 11th Hour Activation Speakers

## Lee Malaulau,

Lee has a unique prophetic calling, having received detailed words for New Zealand and even specific governmental leaders over the last few years - many of which have come to pass. Based in Porirua, Wellington, Lee is married with four children. He is currently a Christian-based coach who helps people draw closer to God, find lasting peace, and live boldly in God's goodness.

## Kaylene Subritzky

Kaylene plans and leads Dove Ministries which has a strong focus on healing and setting people free from spiritual bondage, as well as a key speaker and prayer leader. From her life-experience as a mother, wife and successful business woman, she has insight and skills that allow her to connect with a broad range of people.

Kaylene married Bill Subritzky in February 2012. Together they travelled and ministered nationally and internationally seeing many people healed and set free in the name of Jesus. They did this together until Bill passed away in December 2015.

## Dr. David Tweed,

Senior leader of Gateway Christian Fellowship in Palmerston North, David, together with his wife Paula, have served at Gateways for many years in a number of different roles. David carries the vision and direction for the fellowship. He regularly meets with Team Leaders who serve as heads of the different functions/departments of church life. David has a passion for equipping and releasing leaders to fulfil the call of God on their lives.

He is also Associate Professor and Doctoral Mentor Supervisor at the School of Management at Massey University, with a goal to improve governance, strategy, solve difficult problems, and improve business models that build value and bottom line profitability. He's also served as a director in several large businesses

## Norm McLeod,

Born and raised in Oamaru. "After school my Objective was to be a hells angel. Did martial arts for 10 years, violent drug and alcohol past. In 1977, while living in Bondi Beach, Sydney, I experienced an accidental drug overdose. I took a hit from a bong, unaware the hash was laced with ketamine. My heart raced, my head felt like it would explode, and the room spun wildly. I collapsed, crawled outside, and began convulsing. Lying facedown, paralyzed and unable to move, I vomited, my mouth and nostrils filling, barely able to breathe. I realized I was moments from drowning in my own vomit. Though I didn't believe in God, I felt a dark presence taunting me. Remembering my friend's advice to call on Jesus in my darkest moment, I silently prayed, "Jesus, help me." Instantly, my convulsions stopped, and I felt a profound peace. After 45 years, I've left that life behind and now pastor the House of Breakthrough in Gisborne, NZ." Norm & his wife Jess have recently returned from India, with signs following, and they have taught Kingdom principles in many communities.

## Craig & Sonia Munro,

They pastor a vibrant, contemporary, multicultural church in Manukau (King of Kings) since 1994 that believes in Jesus, and aspires to see God's kingdom established here on earth. They are committed to Jesus and His mission for us - to be both "fishers of men" and to help one another grow into the roles God has for us in His Kingdom. Believers are disciplined, and as they grow in their faith, they are trained to disciple others as well. (King of Kings has the most effective discipleship system we've seen anywhere.)
